

Brothers,

Tax season is here! In Canada, taxes must be filed by April 30<sup>th</sup>, 2026. Whether you're ahead of the game and done filing, or you're putting it off for another couple weeks, this time of year is a good opportunity to consider whether your tax rate or bracket has changed. If so, do you know the implications for your long-term financial strategy?

People can end up in a higher tax bracket than they anticipate when their income fluctuates — for example, if your salary changed, or if you retired and are drawing on different income sources. Paying a higher tax rate may mean less disposable income or less money to leave to your family as you planned.

You can protect yourself against these potential losses and build dependable cash value through permanent life insurance with the Knights of Columbus.

Permanent life insurance allows you to build cash value that you can access up to the Adjusted Cost Basis tax-free while you're alive. You can also create an income tax-free inheritance for your loved ones after you pass allowing permanent life insurance to be useful in a range of situations.

Of course, we always recommend that you work with a qualified tax advisor or CPA in addition to your KofC Agent

By helping to secure your financial future and legacy with the Knights of Columbus, you're living out the vision of Blessed Michael McGivney, who founded our Order 144 years ago this month. His mission of protecting Catholic families is as important today as it was for the first members who gathered all those years ago.
